Dr Sal Awan

Practice Manager: Allison Lipman
Western Road Medical Centre

The doctors and staff at Western Road Medical Centre surgery in Romford, Essex are proud to offer the highest standard of patient-centred healthcare.

We run many clinics for the management of chronic diseases such as asthma and diabetes and offer a wide variety of other medical services including antenatal and postnatal care, minor surgery, childhood vaccinations and health checks.

Practice Charter

These are the local standards set within this practice for the benefit of our patients. It is our job to give you treatment and advice. Following discussion with you, you will receive the most appropriate care, given by suitably qualified people. No care or treatment will be given without your informed consent. In the interests of your health it is important for you to understand all the information given to you. Please ask us questions if you are unsure of anything. We are committed to giving you the best service we can. This is possible if we work together. Please help us to help you.

What we will do for you

- Treat you with courtesy and respect at all times
- Treat you as a partner and discuss with you the care and treatment we can provide
- Give you full information on the services we offer
- Give you the most appropriate care by suitably qualified staff
- Provide you with emergency care when you need it
- Refer you for a second opinion when you and your GP agree it is necessary
- Give you access to your health records subject to any limitations in the law
- Keep the contents of your health records confidential
- Give you a full and prompt reply to any complaints you make about our service
What you can do for us

- Treat us with respect and courtesy at all times
- Tell us if you are unsure about the treatment we are offering you. Use the emergency service only in a genuine emergency
- Ask us for a home visit only when the patient is unable to attend the surgery through illness or infirmity
- Keep your appointments and let us know as early as possible if you are unable to come
- Let us know when you change your name, address or telephone number
- Tell us about any complaints or misunderstandings as soon as possible to allow us to deal with them
- Let us know when we have done well

We welcome suggestions as to how our service can be improved.

Opening Times

- Monday 08.45 am – 6.30 pm
- Tuesday 08.45 am – 6.30 pm
- Wednesday 08.45 am – 6.30 pm
- Thursday 08.45 am – 6.30 pm
- Friday 08.45 am – 6.30 pm
- Weekend Closed

The Reception desk is open at lunch time however we do not run any clinics during this time.

Consulting Hours

- Monday to Friday 09.00 - 11.00
- Afternoon sessions are available 13.30 - 15.30 and 16.00 - 17:50

Extended opening hours

- Monday to Friday 18.30 – 19:00 (by appointment)
- Please ring 01708 775300 during normal opening hours to make an appointment.
When we are closed out of hours services are provided by the CCG

Please do not ask to see a doctor out of hours unless you genuinely cannot wait until the surgery re-opens.

- **OUT-OF-HOURS GP SERVICE: DIAL 111**
  To contact the out of hours doctor just dial 111. NHS 111 is a new service that has been introduced to make it easier for to access local NHS healthcare services in England. You can call 111 when you need medical help fast but it’s not a 999 emergency. NHS 111 is a fast and easy way to get the right help, whatever the time. NHS 111 is available 24 hours a day, 365 days a year. Calls are free from landlines and mobile phones.
  The out of hours service is provided when the surgery is closed from 18.30 to 08.00 - Monday-Friday, plus on weekends and bank holidays.

Hub Service: **GP Out of Hours Service**

you can see a GP locally from:-

6.30pm-10.00pm on weekdays; 12.00pm-6.00pm Saturday and Sunday

To book an appointment directly - tel **020-3770 1888** or dial 111.

2.00pm-9.00pm Monday to Friday

9.00am-5.00pm Saturday and Sunday.

**Hub Sites**

- **North Street Medical Care** 274 North Street, Romford. RM1 4QJ
- **Rosewood Medical Practice** 30 Astra Close, Hornchurch. RM12 5NJ
- **Harold Wood Polyclinic**: Is open from 8am to 8pm, telephone: 01708 792000.
- **Emergency**: Call 999 in an emergency. Chest pains and / or difficulty in breathing constitute an emergency.
**Appointments**

- **Booking Appointments:**

  **Telephone Number: 01708 775300.** Our telephone lines are very busy between 11am-2pm and we suggest, where possible, that you ring between 2pm-6pm when our telephones are less busy. Doctors and Nurses consultations are booked appointments for a duration of 10 minutes and can be booked by either by using Vision Online Services (VOS) (please speak to one of our receptionists for more information on how to register for this service) or you can book an appointment by telephoning 01708 775300.

  You can use this system to check or cancel an appointment, regardless of the method used to book it. When you telephone the surgery, select the option for the automated booking service and then follow the simple instructions. When the surgery is open choose OPTION 2. When the surgery is closed choose OPTION 3.

- **Cancelling Appointments:**

  **Important:** Every week the surgery has many non-attended appointments. If you are unable to make an appointment please telephone reception in time for your booking to be offered to another patient. **On the day of the appointment** if you cannot make it, or find yourself running late, then please call to cancel your appointment. If we can reschedule your appointment we can offer the slot to someone else and find an appropriate time for you to come.

- **Appointments with a Nurse**

  Practice nurse surgeries are run daily by appointment; each appointment has a duration of 10 minutes. The practice nurses are skilled at providing many of the services that were traditionally provided by doctors. If you need, for example, a blood pressure check or a repeat prescription for the contraceptive pill a nurse can do this for you.

- **Appointments with a Doctor:**

  Surgeries are by appointment, which can be made personally, by telephone Tel No: 01708 775300 or by booking online using Vision Online Services (VOS) A chaperone is available on request. When registering you can express a preference for a named doctor, you may however see any doctor in the practice. All doctors and nurses have access to your
notes on the computer so if you have seen one doctor the others will be able to understand what has happened.

As well as the seven partners we employ two highly skilled GP’s and four extremely competent GP registrars who can help you. Please consider asking the receptionist to guide you to an appropriate professional.

**Please note: Patients late for appointments may not be seen and will need to make another appointment**

**Routine Appointments:**

During the appointment please bear in mind the following.

For each surgery the doctors are booked, in advance, to see 12 patients at 10 minute intervals over 2 hours. Due to the length of the appointment please only raise 1-2 problems with the doctor as 10 minutes is long enough to deal with most single problems but it becomes difficult to deal efficiently with more issues. If you need to speak to a Doctor for more than one problem please ensure you speak to a receptionist who will book you a double appointment.

**Emergency Appointments:**

If you feel you have a genuinely urgent medical problem for which advice or treatment will not wait until the next available appointment, arrangements will be made for you to see a doctor or nurse on that day for an emergency 5 minute appointment. We have to leave it up to you, the patient, to decide what constitutes an emergency but it should be something that you think cannot wait for a couple of days.

The 5 minute appointments are designed to deal with a single emergency problem. These emergency appointments are shared out between the available doctors and we cannot guarantee which doctor you will see.

The doctors do try to run to time but the nature of their work means that occasionally we will be delayed. We will try to keep you informed if this happens. Please try to be patient with us.

There are also emergency slots available to see nurses who can advise and treat on minor ailments and chronic disease, such as asthma, diabetes, hypertension (blood pressure) and viral infections.

**Telephone Consultation Appointments:**

If you require advice on minor issues, we offer telephone consultation appointments on a daily basis with both the doctors and the nurses.
Please ring to book an appointment leaving your contact details. You will be called back either at the end of morning surgery or during the morning surgery, if the doctor/nurse is free between patients.

**Facilities For The Disabled**

Our Medical Centre is purpose-built to accommodate the special requirements of those patients who are disabled. There is wheelchair access to the consulting rooms, treatment room and we offer disabled toilet facilities. In addition, there is a baby changing facility.

We have a wheelchair in the surgery to assist with transfer from the car park to the consultation rooms. This is available on request.

The cost of transport to the surgery is the patients’ responsibility. The taxi card scheme offers discounted travel for those with a long-term disability.

**Home Visits**

Home Visits are **ONLY** for patients who are too ill, infirm or severely disabled to come to the surgery. Home visits are very time consuming and you will be seen more quickly and necessary investigations and treatments will be easier to carry out, if you can come to the Medical Centre.

If you require a home visit, please telephone the surgery on **Tel: 01708 775300** between **8.30am and 10am** at the latest. Unfortunately, with home visits we cannot guarantee you will be seen by a particular doctor.

Visits are normally carried out between 9am-11am.
## Our Staff

All our staff are there to HELP YOU and are pleased to do so. The receptionists are your link with the rest of the practice. They may need to ask you medical details in order to work effectively and at all times are working under the instructions of the doctors. All information given to them is treated in confidence and they are bound by the same rules of confidentiality as the doctors and nurses. The more information you are able to give them the better they will be able to assist you.

## GP Registrars

We currently have four GP registrars working at the Practice
Doctors In Training

We are a registered training practice for both qualified doctors completing their final part of GP training and for medical students. We ask for your co-operation in this essential part of their education. They are fully supervised and responsible to us. The receptionist will inform you should an extra person be present in the consultation. Should you ever wish to see a partner without the presence of a medical student or GP registrar, your request will always be honoured to avoid embarrassment. Videos are used to assess consultation styles. You will be asked to sign a consent form. You may decline to be filmed at any time.

Nursing Team

Our nursing team currently consists of three practice nurses and a nurse practitioner. Together they are able to deliver a fully comprehensive and advanced range of nursing services. All of our nurses have undergone additional training in various areas of primary care nursing to enable them to offer appointments for many conditions previously considered to be the remit of the doctor.

When you ring for an appointment with the practice nurse you may be asked by the receptionist what the reason is for your appointment. This will ensure you are booked in with the most appropriate nurse for your visit as not all the nurses have the same skills. You do not have to give this information unless you want to. Each appointment is 10 minutes long but some procedures such as having your ears syringed will take longer than a single appointment. If you are attending with more than one problem, please inform the receptionist so that she can book you a longer appointment. If you do not inform her then she will automatically issue you with a single appointment and the nurse may not have time to deal with your additional problems and you may have to return on another day.
**Nurse Practitioner**

**Carol Furlong** RGN Np PgDip  
A nurse practitioner is a registered nurse who has received an additional three years’ training. She is able to assess, diagnose and treat patients. When necessary and appropriate, she is able to prescribe medication. She can also provide health education to patients enabling individuals to better manage their own health.

**Nurses**

<table>

</tbody>
</table>

**Healthcare Assistant**

**Nikki Groom** (currently on maternity leave)  
Our Health Care Assistant works as part of the nursing team and in support of the whole clinical team. Her role includes blood pressure checks, health checks, new patient interviews, dressings and running a ‘Stop Smoking Clinic’. 
Practice Management

Allison Lipman (Practice Manager)
Our practice manager is available to assist with any concerns you may have about any non-medical aspects of your treatment. She has overall responsibility for maintaining the smooth running of the practice and is also responsible for the management of the practice team.

Administration Team

Anne Tomlinson is responsible for Information Technology within the practice and for requests received from Local Authorities, Solicitors and Patients requesting Medical Records. Anne is available between 9am-4pm, Monday to Thursday.

Karen Osborn deals with registrations and children's immunisations. Enquiries between 9am-4pm, Monday to Friday.

Lorraine Leverington deals with insurance company enquiries between 9am-2pm, Monday to Friday.

Sheila Potter & Jayne Potter (Secretarial Team) deal with daily correspondence between the practice and outside agencies, such as hospital outpatient departments and private consultants. If you have any queries regarding referral letters please contact this department between 9am to 4pm, Monday to Friday.

Reception Team

Reception Manager: Janet Soane and Deputy Reception Manager: Sheila Gould. Janet and Sheila oversee appointments, prescriptions and manage the Reception Team.
**District Nursing Team**

Our district/community nurses provide nursing services for our patients in the community. They undertake regular visits to our housebound patients, dress wounds and ulcers, give immunisations and palliative care. The team work out of Romford Clinic in Main Road and can be contacted on 01708 796700.

**Health Visitors**

Our health visitors will provide advice and support on many topics and can be contacted at the Romford Clinic on 01708 796700.

**Repeat Prescriptions**

Repeat prescriptions can be requested using the prescription form or online. The practice recommends that online prescription requesting is used when possible as this is easier for the patient and also for the practice. We are unable to accept telephone requests for repeat prescriptions.

**Important:** please allow two FULL working days for your prescription to be prepared. For example, if you give us your repeat prescription request on a Monday it will not be ready until Thursday. We need this time to process, check and issue your next prescription accurately and safely. We can arrange for your prescriptions to be sent to your pharmacy of (please let us know your preference). Please note this will increase the time before your prescription is available depending on the pharmacy.
Electronic Prescription Service (EPS)

EPS enables prescribers - such as GPs and practice nurses - to send prescriptions electronically to a dispenser (such as a pharmacy) of the patient's choice. This makes the prescribing and dispensing process more efficient and convenient for patients and staff.

To subscribe to this service please speak to one of our receptionists who will add your nomination for you. Nomination means you choose a place for your GP practice to electronically send your prescription to. You don't need a computer to use EPS. You can choose up to one of each of the following:

- a pharmacy
- a dispensing appliance contractor (if you use one)
- Your dispensing GP practice (if you are eligible).

You can change your nomination or cancel it and get a paper prescription. If you don't want your prescription to be sent electronically just tell your GP. If you want to change or cancel your nomination speak to any pharmacist or dispensing appliance contractor that offers EPS, or your GP practice. Tell them before your next prescription is due or your prescription may be sent to the wrong place.

EPS is reliable, secure and confidential.

There are a limited number of pharmacies that collect prescriptions from the surgery on a daily basis. Check with your preferred pharmacist whether they have daily collections from the surgery.

To avoid mistakes, we do not accept requests by telephone. Any prescription queries will be dealt with between 10am-12.00 (midday) and between 4pm-6pm, Monday to Friday by telephoning the surgery on Tel: 01708 775300 and selecting Option 3.

**Please note:** We need to periodically review patients on regular medication. Therefore, you may receive a slip attached to your prescription, asking you to make an appointment to see a doctor.
NHS PRESCRIPTION CHARGES

Extensive exemption and remission arrangements protect those likely to have difficulty in paying charges (NHS prescription and dental charges, optical and hospital travel costs). The NHS prescription charge is a flat-rate amount set by the Government. Prescription prepayment certificates (PPCs) offer real savings for people who need extensive medication. From 1 April 2014, the charges are:

- The current prescription charge is £8.20 per item (£16.40 per pair of elastic hosiery).
- A three monthly PPC is £29.10 and could save you money if you need more than three prescribed items in three months.
- A 12-month certificate is £104.00 and could save you money if you need more than 12 prescribed items in a year.

There is further information about prescription exemptions and fees on the NHS website

- Telephone advice and order line 0845 850 0030
- General Public - Buy or Renew a PPC On-line

If you need to access the services below then medicines are free:

- Medicines administered at a hospital or an NHS walk-in centre.
- Prescribed contraceptives.
- Medicines personally administered by a GP.
- Medicines supplied at a hospital or Clinical Commissioning Group (CCG) clinic for the treatment of a sexually transmitted infection or tuberculosis.

This saves money. If you will have to pay for four or more prescription items in three months or more than 14 items in 12 months, you may find it cheaper to buy a PPC. There is further information about prescription exemptions and fees on the NHS website.

(www.nhs.uk/NHSEngland/Healthcosts/Pages/Prescriptioncosts.aspx)
NHS Clinics & Services

The practice runs a range of health promotion clinics and medical services. Appointments are necessary for all clinics - check with the reception staff if uncertain.

- **Antenatal Clinic**

  After your initial appointment with your GP you will have your antenatal clinic appointments at the St Kilda's Children's Centre 90 Eastern Road Romford RM1 3QA, telephone number 01708 743135. Care is also provided at Queen’s Hospital, Rom Valley Way, Romford, RM70AG, telephone number 0330 400 4333 or 01708 435000.

- **Cervical Smear Tests**

  You may book an appointment via our reception with a doctor or nurse during surgery hours. **Appointments cannot be made using the automated booking system.** Please book mid-cycle. **NB:** We strongly recommend a cervical smear every three years for women aged 25-50 years of age and every five years for women aged 50-65 years of age. You will receive an invite letter from the Central Screening Department when your screening is due. Please note the date at the bottom of the letter informing you of the exact date your screening is due. When booking your appointment please note you should not be actively bleeding or have had any procedure involving the cervix or given birth within 12 weeks of the appointment date.

- **Child Immunisations**

  By appointment only.

- **Chlamydia Screening**

  Screening is available for young people aged between the ages of 15-24 years. Kits are available from our practice nurses.
• **Diabetic Annual Review Clinic**

Dr Ian Quigley runs diabetic clinics on Monday afternoons and Dr Sal Awan on Tuesday afternoons.

- When you book you will be asked to have a blood test two weeks before your appointment. The reception staff can provide the form for you.
- On the day of the appointment please bring a urine sample with you.
- You need to have an annual eye check. This can be done at some of our local opticians. For more information about diabetes please see the Diabetes UK web site; www.diabetes.org.uk

• **Disease Management Clinics**

Several clinics are available for specific conditions and to help increase your awareness of good health in order to lead a healthy lifestyle. Examples of clinics available:

Asthma, diabetes, blood pressure/heart disease, health checks, counselling/stress management, diet (weight reduction), stop smoking, HRT.

For details of these clinics, please contact reception.

• **Family Planning Clinics (Currently running on Friday PM with GP)**

Includes:

- Contraceptive advice,
- Follow up pills and injections,
- Coil checks,
- follow up on HRT,
- Cervical smears

Emergency contraception is available where appropriate. We also fit coils and implants.

• **Flu Vaccination Clinics**

Vaccinations are available annually between mid September to the end of December for patients over 65 and their carers, pregnant women and patients under 65 at risk.

• **Health Checks:**
The nurses are now providing health checks for patients between the ages of 40-74 years who are not currently on the CHD or Diabetes registers. Please ring 01708 775300 to make an appointment.

- **Midwife**

  This service is provided at the St Kilda’s Children’s Centre, 90 Eastern Road, Romford, RM1 3QA.

- **Minor Surgery**

  Many minor surgical procedures are undertaken at the medical centre, to save long waits for hospital treatment. Consult your doctor first to discuss whether the operation is necessary and to arrange an appointment for the minor surgery clinic.

- **Post Operative Care – (this service is now provided at Harold Wood Polyclinic)**

  For patients who have recently had surgery in hospital, had a wound treated in A&E or had minor surgery carried out by Havering GPwSI clinic, post operative care is provided a Harold Wood Polyclinic providing services including: wound checks, dressing changes, wound packing, removal of sutures and clips and administration of post operative medication. The Post Operative Care Clinic (POCC) is a by appointment only service and has the following criteria:

  The Patient **must** be registered with a Havering GP.
  The Patient **must** be 16 years of age or older.
  The Patient **must** be able to attend the clinic (we cannot arrange for home visits).

  We also ask that patients provide their NHS number.

  To make an appointment please call the clinic on 01708 574000 and speak to one of their reception staff. Available appointments go quickly so you are advised to book early.

- **Post Natal and six week baby clinic appointments**
6 week Post Natal checks are carried out by a GP along with 6 week Baby Health Checks - Please telephone the surgery on Tel: 01708 775300 to book an appointment.

- **Test Results**

Sample urine / swabs and blood tests must be received by 12:30pm

Please call between 4pm and 6pm to enquire about your test results as our reception staff will have more time to deal with your request between these times.

Note: The practice has a strict policy regarding confidentiality and data protection and we will only release test results to the person to whom they relate unless that person has given prior permission for the release of this data or they are not capable of understanding the results.

When you take your test you will be told how long it will be before the results are returned to the practice. It is your responsibility to request your results and to make an appointment to discuss them with your doctor if you are advised to do so.

- **Travel Clinic**

A complete advisory service for world-wide travel is available, including recommended immunisations and anti-malarial treatment. It is important to make this initial appointment as early as possible – **at least 6 weeks before you travel**. This will give the nurse time to assess your travel plans, organise any vaccines required and to give appropriate advice. If a second appointment is required the nurse will discuss this with you and advise of a suitable date and time. We are an authorised Yellow Fever Vaccination Centre.

Not all vaccinations are available free of charge on the NHS. This is because some vaccines and malaria tablets are not provided by the NHS. The nurse will advise you of any potential costs prior to the vaccine being given.

To help us offer the appropriate advice, please fill out the online travel vaccination questionnaire before coming to see the nurse. Available from our website: [www.westernroad.co.uk](http://www.westernroad.co.uk).
Western Road Medical Centre can offer patients other non-NHS services where a fee will be charged. Please check the current scale of charges at the time of requesting the service or your doctor will inform you of the appropriate charges when you are seen.

Services offered which are chargeable include:

- Insurance policy reports / certificates up to £102.50
- Medicals £95.00
- Copy medical records up to £50.00
- Driving Licence Applications £40.00
- Holiday cancellation forms / certificates £30.00
- Doctors' Letters £30.00
- Certificate £10.00

This is not an exhaustive list – please check with reception. Please note – the doctors do NOT endorse gun licence application forms.

### Access to Patient Records

The Practice has a policy of openness with regard to health records and patients are allowed to access their health records. Such requests must always be made in writing and addressed to **Anne Tomlinson** who will process your request. A valid written request signed by the patient dated within the last 6 months is required before records can be released. There is a fee for this service which is between £15.00 to £50.00 (depending on the amount of records held on file). An invoice for our fee for this service will be sent out once a request has been received.
• **Private Medical Examinations**

The doctors are able to perform medical examinations for patients who may require them for work, insurance, private or other reasons. The doctor may also have to examine a patient to assess the current state of medical health, before signing / endorsing forms. These are all private medical examinations where a fee will be charged. Please check the current fee at the time of booking your medical (01708 775300). Medical examinations include:

- HGV / PSV Driver medical examinations
- Taxi driver medical examinations
- Sports medical examinations
- Employment medical examinations
- Insurance medical examinations

**General Information**

• **Comments & Complaints (about Western Road Medical Centre)**

If you have a complaint or concern about the service you received from the doctors or any of the personnel working in this practice, please let us know. We operate a practice complaint procedure as part of an NHS complaints system, which meets or exceeds national criteria.

**HOW TO COMPLAIN**

We hope that we can sort most problems out easily and quickly, often at the time they arise and with the person concerned. If you wish to make a formal complaint, please do so **AS SOON AS POSSIBLE** – ideally within a matter of a few days. This will enable us to establish what happened more easily. If doing that is not possible your complaint should be submitted within 12 months of the incident that caused the problem; or within 12 months of discovering that you have a problem. You should address your complaint in writing to the **Practice Manager** (you can use a practice complaint form if you prefer, please ask at reception). He/she will make sure that we deal with your concerns promptly and in the correct way. You should be as specific and concise as possible.
COMPLAINING ABOUT SOMEONE ELSE

We keep strictly to the rules of medical confidentiality (a separate leaflet giving more detail on confidentiality is available on request). If you are not the patient, but are complaining on their behalf, you must have their permission to do so. An authority signed by the person concerned will be needed, unless they are incapable (because of illness or infirmity) of providing this. A Third Party Consent Form is provided below.

WHAT WE WILL DO

We will acknowledge your complaint within 3 working days and aim to have fully investigated within 10 working days of the date it was received. If we expect it to take longer we will explain the reason for the delay and tell you when we expect to finish. When we look into your complaint, we will investigate the circumstances; make it possible for you to discuss the problem with those concerned; make sure you receive an apology if this is appropriate, and take steps to make sure any problem does not arise again. You will receive a final letter setting out the result of any practice investigations.
If you remain dissatisfied with the outcome you may refer the matter to:

Email: pals@bhrhospitals.nhs.uk

PALS are available as a telephone or walk-in service:
Telephone service: Monday – Friday, 9am-5pm
Walk-in serviced: Monday – Friday, 10am-12 noon and 2pm-4pm.

- Comments & Complaints (about secondary care)
  Ombudsman.
• **Confidentiality**

The practice complies with Data Protection and Access to Medical Records legislation. Identifiable information about you will be shared with others in the following circumstances:

- To provide further medical treatment for you e.g. from district nurses and hospital services.
- To help you get other services e.g. from the social work department. This requires your consent.
- When we have a duty to others e.g. in child protection cases anonymised patient information will also be used at local and national level to help the Health Board and Government plan services e.g. for diabetic care.

If you do not wish anonymous information about you to be used in such a way, please let us know.

Reception and administration staff require access to your medical records in order to do their jobs. These members of staff are bound by the same rules of confidentiality as the medical staff.
Statement of Purpose

- We aim to provide safe, effective, accessible NHS Primary Care for people living in (or visiting) our practice area who choose to register with us, both at the surgery and, where medically needed, at home.
- We aim for an excellent standard of clinical care for a range of core and extended medical services within our NHS contract, and referral to secondary care for investigation and further management as appropriate.
- We operate a book-on-the-day system to provide same day appointments for the acutely ill, and daily we have a doctor visiting the sick elderly housebound.
- We offer extended hours access and participate in care for local residential homes and a step-down rehabilitation unit.
- We work closely with other community services such as the district and palliative care nurses and health visitors. We work alongside our mental health, alcohol and drugs, social services and voluntary colleagues, signposting our patients to the support and care they need.
- Learning and teaching is fundamental to provision of excellent care and all staff participate in regular mandatory training and clinical meetings. Many non-clinical staff engage in personal development with NVQs. We teach undergraduate medical students and GP trainees to help ensure the future of General Practice care.
- We offer a wide range of extra medical services including minor surgery, a range of family planning procedures, and travel immunisations.
- Health promotion is a priority. We provide screening for cervical cytology, immunisations, well-person screening for obesity, smoking, hypertension and hyperlipidaemia. We run weekly dedicated clinics to optimise management of diabetes and COPD where patients are encouraged to understand and manage their own condition.
- Non-NHS services include provision of certificates and reports, and medical examinations for employment, insurance, driving and fostering.

- Freedom of Information

The ICO has published a new Model Publication Scheme that all public authorities are required to adopt. Model Publication Scheme - further information can be obtained from following website: ico.org.uk

- Fundraising

We would like to thank all staff and patients for their donations of books that we sell for charity and also for their support with our fundraising events.
Havering CCG

The practice is part of the Havering Core Commissioning Group (CCG). This organisation brings together all the local health care professionals to give a lead in planning and improving local health services. Occasionally the practice will have to adhere to CCG recommendations and in these cases the CCG directs practices to the most effective treatments available on the NHS. If you require further details of primary medical services in the Havering area please contact Havering CCG, contact details are as follows: 3rd floor, Imperial Offices, 2-4 Eastern Road, Romford, RM1 3PB. Tel: 01708 574902. Email: hccg@havingccg.nhs.uk

New Patient Registration

The doctors welcome new patients who live within our practice area. New patients will be asked to complete a registration form and to provide information including photo ID, current utility bills, medical cards and confirmation of UK residency. Any new patients with ongoing medical concerns, between the ages of 16-65 years of age, should make an appointment with the nurse practitioner. The parent/guardian of children under 5 will be asked to supply a copy of the child’s immunisation history.

Medical treatment is available from the date of registration. Please contact reception for further information.

The practice cannot accept registration requests online at present but if you wish you can print out a copy of the Online medical questionnaire for new patients from our website (www.westernroad.co.uk) and bring it into reception along with the following:

**British Citizens:**

1. Proof of Identity: passport/birth certificate/driving licence
2. Medical card/NHS number
3. Proof of Address: i.e. current domestic bill: gas/electric/water/bank account

**EU Residents:**

1. Passport/ID Card
2. Date of entry to UK
3. Proof of Address: i.e. current domestic bill: gas/electric/water/bank account.
Patients from abroad excluding EU members:

1. Passport
2. Visa for more than 6 months and not a visitor visa
3. Student visa must be accompanied by college confirmation
4. Medical card/NHS number if previously registered in UK
5. Proof of address: i.e. current domestic bill: gas/electric/water/bank account.

Practice Boundary Area

Our Practice Boundary runs from the A12 Eastern Avenue and includes Ardleigh Green Road, Butts Green Road, Billett Lane, Hornchurch Road, Rom Valley Way, Waterloo Road, St Edwards Way and North Street.

**If you are unclear and need to clarify our Boundary Areas please telephone the surgery on 01708 775300 and speak to one of our receptionists who will be happy to assist.
Other Information

- **Parking**

  We have a purpose-built car park for the use of our patients. The entrance is in Junction Road. Please do not leave your car behind for any reason when departing the surgery, as space will be required for patients coming after you. **PLEASE AVOID PARKING IN STAFF & DOCTORS’ SPACES.**

  Parking for visitors to the doctors' surgery is on the right-hand side. Please do not park on the left-hand side as this is for patients attending the dental practice.

- **Patient Participation Group**

  Your views and feedback is extremely helpful to ensure we are meeting the needs of our patients and we are currently recruiting now for patients to join our group. Forms can be submitted electronically from our website ([www.westernroad.co.uk](http://www.westernroad.co.uk)) or alternatively forms are available from our Reception Desk.

- **Summary Care Records**

  Our practice is participating in the NHS national programme for IT. We share summary of your vital clinical information i.e. Medication, Allergies and Adverse reaction to drugs, with the NHS Emergency Care Providers like A&E, Out Of Hours GP and the Walk-in Centre. This is to ensure that our patients receive safer and quality care during urgent or emergency situations. Please do let us know if you would like to opt-out from this initiative.
• **Sickness Certificates**

You do not require a doctor's sickness certificate for any illness lasting seven days or less. Your employer may however require you to complete a self-certification form (SC2) which is available from your employer or on the HMRC website (www.hmrc.gov.uk/forms/sc2.pdf).

• **Evidence that you are sick**

If you are sick for more than seven days, your employer may ask you to give them some form of medical evidence to support payment of SSP (statutory sick pay). It is up to your employer to decide whether you are incapable of work. A medical certificate, now called a 'Statement of Fitness for Work' (see below) from your doctor is strong evidence that you are sick and would normally be accepted, unless there is evidence to prove otherwise. You could also provide evidence from someone who is not a medical practitioner, e.g. a dentist. Your employer will decide whether or not this evidence is acceptable.

If your employer has any doubts, they may still ask for a medical certificate from your GP. The 'fit note' was introduced on 6 April 2010. With your employer's support, the note will help you return to work sooner by providing more information about the effects of your illness or injury. Since April 2010 there has been no need to have a certificate stating you are fit to work. When you feel able to work you may do so without a doctor's certificate.

For more information see DirectGov website (www.direct.gov.uk/en/Employment/Employees/Sicknessabsence/DG_187161) (where this information was sourced)

Patients discharged from hospital should be given an appropriate certificate by their consultant. The hospital should issue a certificate covering the entire period of recovery required. Please ensure you have this before leaving the hospital.

*Certificates, which are issued for other reasons other than these, are outside the NHS contract and attract a fee. Please see poster in reception for up to date prices.*

There is also no requirement for a GP to issue a certificate for other institutions such as schools requesting one for children having time off for sickness as this is not based on “occupational” need. These requests will be refused, or alternatively offered as a private letter service subject to the payment of an appropriate fee.
